"Access and Achievement Through Students' Common Core Mathematical Practices"

Come to the largest math conference in California
November 2 & 3, 2012 in Palm Springs, CA

At last year's (2011) conference, we had over 2300 teachers in attendance and over 80 vendors in the Exhibit Hall.

- Hear from speakers from California and beyond!
- Strands focus on Equity, EL Learners, STEM and technology integration
- Get new information regarding the Common Core Standards, the Assessments and legislation that will affect you.
- Information from local County Offices for Professional Development opportunities in your area
- NCTM Bookstore will be selling publications
- Technology sessions offered in computer labs
- Hand held technology sessions offered throughout the program

\$\$\$\$ Funding Sources include:

Title I, Title III, QEIA and SIG Funds.
Check with your administrator.
