

**“Mathematical Journeys to Empower All Students”**

**November 2-3, 2018**

**Palm Springs, CA**

The premier mathematics conference presented by  
CMC-South for the Southern California mathematics community

**Plan for your teachers to attend this powerful professional learning opportunity!**

It's an ideal way to build mathematical capacity at your site through:

- Opportunities to learn from local, state, and nationally renowned researchers and practitioners about effective mathematics instruction for All students, including English Learners and students with special needs.
- Time to discuss, examine, and share current issues related to equity, access, and empowerment in mathematics education
- Attendance at numerous sessions to exchange and engage in innovative ideas and technologies
- Interactions with providers/developers of resources that support implementation of the California Mathematics Framework
- Support for BTSA (Beginning Teacher Support and Assessment Program) and PAR (Peer Assistance and Review), as well as Pre-Service and Career-changing teachers
- Demonstrations for administrators, coaches, and mathematics specialists of what effective mathematics instruction looks like
- Opportunities to network with wonderful colleagues, whether attending as a team of teachers or solo!

If developing College and Career Ready students and promoting Mathematics Achievement are goals of your LCAP (Local Control and Accountability Plan), be strategic with your funds!

The conference is economically priced - early registration is \$195 for the 2-day conference. And, the learning momentum continues after the conference. Registration includes a quarterly subscription to the CMC award-winning journal *The ComMuniCator* and monthly e-Blast newsletter updates!

We look forward to seeing you and your teachers at our 59<sup>th</sup> amazing mathematics conference for PreK-College mathematics educators!

Rosa Serratore  
CMC-Southern Section President
